Sub : Action taken Report on “Azadi Ka Amrut Mahotsav” - Fertilizers Application Awareness Program - INDIA @ 75

Dear Sir,

This is with reference to DoF communication No:18055/11/2021 dated 17.03.2021 and our reply for the same dated 18.03.2021

We at MFL have planned 5 different schedule of programs viz., Soil sample collection, Bio Demo, City compost demo, Pre Seasonal Group meetings and Farmers seminar at KVKs in order to create awareness on Fertilizers Application in observance of “Azadi Ka Amrut Mahotsav”

Following are the details of Action Taken on the 1st program organized during 4th week of Mar'2021

Date of Program Schedule : 23.03.2021
22nd Mar to 26th Mar'2021 (Calendar Week)

Name of the Program Organized : Soil Sample Collection

Objectives of the Program : Educating farmers the Importance of Soil sampling in crop cultivation, ie., Need of soil sampling, Time of sampling, No. of samples to be taken for analysis, Methods of sampling, Procedures to be followed and to analyze availability of major, secondary and micronutrients in the soil and ultimately the Importance of Balanced fertilizer application to all crops .

Locations Organized in TN : 22.03.2021 - at Tanjavur Dist
23.03.2021 - at Dharmapuri Dist
24.03.2021- at Thiruvannamalai Dist
25.03.2021 - at Madurai Dist
26.03.2021- at Pudukottai Dist

No. of Participants : 20-25 farmers in each program

Photo & Videos : 2 Photos & 1 Video for each program are attached
